Subject: Request to Invite H.R.H. Prince Reza Pahlavi to the Belgian Federal Parliament

Dear Mr. Van Rooy,

We hereby, on behalf of the Lion and Sun Front of Iran, a coalition of Iranian pro-freedom associations, organizations, political groups, and activists across Europe, Australia, and North America, formally submit our request to invite H.R.H. Prince Reza Pahlavi to the Belgian Federal Parliament.

This request reflects our collective voice as Iranian-European citizens and aligns with the legitimate aspirations of the Iranian people for freedom and democratic transition. We believe that engaging in dialogue with Prince Reza Pahlavi, as the national leader of the Iranian revolution, can serve as a meaningful step toward strengthening this path and amplifying the voice of the Iranian people.

In this regard, we have also extended this request to other Members of the Belgian Federal Parliament and political parties, and we are actively pursuing this initiative at multiple levels.

In light of your recent position and your expressed willingness to take forward this initiative, we would like to express our appreciation and hope that, through coordination and joint efforts, this process will lead to a tangible outcome within the Belgian Parliament.

We would also like to note that similar communications have been addressed to officials of the European Parliament, and this effort is being pursued at the European level as well. These efforts aim to strengthen a shared understanding of the Iranian people's demands and to align international support accordingly.

In this context, the people of Iran seek the very same values and freedoms that form the foundation of democratic societies across Europe, namely the rule of law, human rights, and accountable governance. A free and democratic Iran can, in the future, become a reliable, stable, and constructive partner for European countries.

In this regard, we believe that your initiative can play a meaningful role in advancing this path and in amplifying the voice of the Iranian people within European democratic institutions.

Yours sincerely,

Masoud Babapour
